Symptoms

Of Defective Vision

Many persons have the idea that defective vision manifests itself only in a failure or inability to see clearly, but itching, burning, smarting of the lids, dull pains in the eyes or head, even the back of the head, all come from irregularities in the optical construction of the eyes and may be entirely relieved by correctly fitted glasses.

DR. J. T. JOHNSON Guarantees to correct every case that he undertakes. If your eyes are giving annoyance consult him at once.

SCALCHI COMING AGAIN.

She Will Appear at The Normal College April 4th.

The directors of Stanton College, the Y. M. C. A. and Messrs. Clarke & Gardner should long hold the gratitude of this people for the incomparable pleasure they afforded in bringing the Scalchi Concert Company here. We cannot recall that an audience here were ever entertained with such entrancing vocal music. The vocalization was superb; the instrumentation the reverse—solely the fault of the piano, not the performer. If the concert people would carry with them a small orchestra they would not have the excellence of their own talents marred by inferior accompaniments. In one of the duets in the last act of the programme the piano entirely parted company with the voices of Mme. Scalchi and Signor Canzio. Mme. Scalchi, in our judgment, is a marvel. She is classed as a contralto but the extraordinary compass of her voice gives it range comprehending all classifications. We were much taken with Signor Canzio's renditions. The slight defects that could be noticed were due to the effects of a Texas trip during the past cold weather. Signor Alberti, the baritone, has a voice of peerless depth and richness; and of Mlle. Noldi, the only American in the troupe, we haven't space for the encomiums she deserves. It would be a pleasure to extend the critique if time and room were at command. We can say, in truth, that having seen Verdi's immortal "Trovatore" sung more than once on the famous stage of the New Orleans French opera house in bygone days we have never heard the lines as well interpreted as by the Scalchi company last evening.—Evening Bulletin, Natchez, Miss.

Ten Illustrated Talks.

At the academy of music on Thursday night, March 30th, Dr. N. W. Tracy, the Kentucky gospel temperance evangelist, delivers the preliminary talk. Every seat will be free. Dr. Tracy who is the only living representative of John B. Gough school of temperance lecturers, has devoted the last 22 years of his life to the exposition of the drink curse by word paintings and hundreds of pictures thrown upon the canvass. He has no theory to present. He has no organization or party to found. He comes to present facts. Every lecture will be illustrated with such paintings and snapshots as will illustrate the subject discussed. No one should fail to learn the exact nature of this great illustrated work which for 12 nights is presented to the people of our city.

The Hu-man-ic Shoe for Men

A new era has dawned. Present day humanity demands comfort and quality, as well as price. Recognizing this demand we have at last procured a humane shoe for men—a shoe constructed on strictly hygenic and autonical principles by Hathaway, Soule & Harrington. It contains ease, grace and durability without sacrifice of beauty and it is the most perfect fitting shoe yet designed. Sole Agents for Greensboro. Shrier's, 216 South Elm street.

Why We Manufacture.

The cotton crop of the South when sold in a raw state is about ten million bales. This at 6 cents a pound, which makes $30 per bale, makes, in turn, a total of three hundred million dollars. This same cotton sold as cloth would bring an average of 24 cents a pound. Thus, by manufacturing, the South can get for its crop of cotton $1.200,000,000 instead of $300,000,000. This would be a profit of $900,000,000 on a $300 000.000 crop.—Charlotte Observer.

Our name on a shoe is good, but Boyden's is better $5.00. Kaufmann, under the Benbow.

Studying to Please.

Mr. John M. Dick, proprietor of the Greensboro Steam Laundry, has just handed us a neat pad containing ten sheets, each sheet containing a "wash list for housekeepers" and each list will answer for five weeks. We believe this enterprise, on the part of Mr. Dick, will be appreciated by his large and increasing list of patrons.

Argument, none necessary. Kaufmann's $3.00 tans are the best shoes in the city, under the Benbow.

Up-to-date Shoes.

MALOLOS EIGHT MILES AWAY

General McArthur Is Marching Upon The Insurgent Army.

FILIPINOS WHIPPED TO BATTLE

By Officers Who Stand At Their Back With Drawn Lashes—Soldiers Executed For Cowardice.

By Cable to the TELEGRAM.

Manila, March 29—The town of Bocave has been taken by McArthur, who found that the insurgents did not injure the railroad bridge, so rapid was their flight. He is now within eight miles of Malolos. For the first time since the war began the insurgents gave open battle today, about a thousand of them advancing openly to meet the Americans in the plains beyond Marialao, commanded by Aguinaldo in person, assisted by Generals Maria, Sorres and Pachecho. As the line advanced across the plain, the Americans reserved their fire till the insurgents were within four hundred yards. Then as the sudden roar of the American artillery and musketry rang out, they broke and ran. Officers were seen trying vainly to stop them, but the rout could not be stopped as long as they were in range of our bullets. Prisoners who have been captured declare that officers stand behind the lines with heavy whips lashing the unwilling natives into fighting. These lashes are found upon the prisoners and dead Filipinos. The prisoners add that there are executions in the insurgent army every day of men for refusing or showing unwillingness to fight.

The Americans advanced three miles today before ten, driving the rebels beyond Bocave, to the westward of Bulacanon, on the railroad to Malolos. Two Pennsylvanians and one Dakotan were wounded.

REPAIRING BRIDGES.

Washington, March 29—The following dispatch was received today from Otis: "McArthur was delayed yesterday repairing bridges which were burned by insurgents, but is marching rapidly this morning upon Bocave. Enemy destroyed railway and telegraph lines. Construction train is following our forces. The resistance of the Filipinos is not so vigorous today."

Washington, March 29—A special cabinet meeting was called this morning. It is believed that the war situation in the Philippines will be considered

CRUELTY AND NEGLECT

To Dumb Animals—A Hungry Horse in The Rain Last Night.

The Telegram has often tried to encourage the organization of a society for the prevention of cruelty to animals in Greensboro, but so far it seems that no steps have been taken in that direction. Horses and other beasts of burden suffer daily on our streets from the neglect or cruelty of their inhuman drivers and the need of of such a society becomes more and more evident as the days go by. A case in point is that of Dave Brown. He came to town yesterday morning, hitched his horse on lower South Elm and went to a barroom. He remained in a drunken condition all day and his horse stood tied until this morning having gone without food and stood in the cold rain all last night. An officer this morning took the hungry animal to a livery stable to be cared for until the owner pays for its care. Brown himself was drunk again this morning and was taken to the lock-up.

It is understood that Officer Jordan now has a pair of mules which he found last week after they had gone without food for more than a day.

Something should be done.

Cornell 9, Oak Ridge 0.

The Oak Ridge vs. Cornell baseball game yesterday afternoon was cut off at the end of the third inning by a bad rain and wind storm which came up suddenly. When the game stopped the score stood: Cornell 9; Oak Ridge 0. The game game opened with Cornell at the bat. Jennings, Oak Ridge's best man, fumbled often and gave Cornell 9 runs in the first inning. Oak Ridge was shut out but gradually began playing better ball, shutting Cornell out in the third inning and promising to make the rest of the game exceedingly interesting had the rain not interfered.

An All Star Aggregation.

One of the neatest lines of Oxford ties ever shown in Greensboro is now offered at Shrier's. Ordinarily it is difficult to procure a comfortable shoe under $1.50 or $2.00 as they are usually stiff and unyielding to the foot. Such is not the case with our $1.25 vici kid Oxford ties in black and colors made over the popular coin toe. These shoes are soft and flexible and guaranteed to give entire satisfaction. Shrier's, 216 South Elm st.

A Lovely Retreat For Meal Time.

That always attractive place, the dining room of the McAdoo house, is being newly papered today. Its new dress is of light blue color, beautifully figured and when it is on will give the dining hall a most attractive appearance. Messrs. Perkins and Ball have a "rep" for making the place attractive with an elegant spread at every meal but now it will be doubly so. The "Old McAdoo" is in the hands of hustling and accommodating managers and is doing a good business. Continued prosperity to it.

ELECTION OF U. S. SENATORS

By a Direct Vote of the People—A Campaign For This Purpose To Be Begun at Richmond.

Special to THE TELEGRAM.

Washington, March 29—At the department of agriculture it was stated the other day that nothing of a very definite nature has yet been decided upon as to the investigations to be made upon the subject of the blight in the Sea Island Cotton. The department intends to send an expert to various parts of the southern states, in the cotton growing section, to study the causes, but as the appropriation for this purpose made during the last session of congress is not available until some time in July, nothing will be done for some time yet, probably not before June. It was stated by Dr. True, of the agricultural department, who is familiar with the subject that when the investigations are entered into the department will in addition to trying to ascertain the causes of the blight to Sea Island Cotton, also strive and discover so e remedy to prevent a recurrence in the future. In conducting this investigation the department will also engage in considerable field work

It was ascertained at the agricultural department that a valuable bulletin is now in the course of preparation on the subject of the cotton generally, in which improved methods in cotton growing will be treated. This work, which is nearly completed will be incorporated in the annual yearbook of the department of agriculture. In speaking of the yearbook, it was stated by one of the officials that he believed that it will prove to be this year more interesting to agriculturists of the country than heretofore, and the department is sparing no efforts to attain this. The work will be ready for distribution about the first of July. The demand for the yearbook is becoming very large, and applications are already beginning to come in at the department.

There seems to be considerable doubt as to the movements of the "Raleigh." At the navy department the statements of the officials seem to indicate that there is a difference of opinion. From the best information obtainable, however, it is thought the vessel will be ordered to New York, and from there to Portsmouth, New Hampshire. She may then be sent to Norfolk, and from Norfolk to Wilmington, North Carolina.

Virginia democrats in the city say that the meeting to be held at Richmond next May for the purpose of beginning a campaign for the election of United States senators by a direct vote of the people, will be largely attended, and responses are already being received from all over the state. The movement, according to the information received here, is not intended, as hinted at, to defeat the re-election of Senator Martin, but it is believed by the leaders that a vast majority of the democrats of Virginia are in favor of the nomination of his successor by a popular democratic primary, instead of through the antiquated methods of a democratic caucus. Col. R. Walton Moore, of Fairfax Court House, who has been prominently mentioned in connection with the Virginia senatorship, and who is one of the leaders in the conference to be held next May, was in the city yesterday registering at the Metropolitan Hotel. Col. Moore believed that the meeting in May will be successful, and that the campaign to be opened will be a vigorous one. Representative Jones, of Virginia, was also in the city Monday, but he says that he knows nothing of the movement more than has appeared in the daily press of the country. Mr. Jones has been mentioned as a senatorial candidate, but he is not an aspirant to the seat held by Senator Martin in any sense of the word.

Special service has been discontinued at Wendell, Wake county, from Eagle Rock, from March 31st, 1899.

THE N. & I. COLLEGE.

The State Normal and Industrial College is a great institution for North Carolina, and its benefit to the young womanhood of the state under the masterly and efficient management of Dr. McIver cannot be over estimated. The following extract from a letter in the Charlotte Observer of today, written by a lady who personaly inspected the institution, is copied cheerfully:

"It goes without saying that the women of a country fix its social and moral standards; remembering this, a visit to Greensboro assures me that at last North Carolina is making long strides in the march of progress "An educated man may be the father of illiterate children, but the children of educated women are never illiterate." This is the basic principle operating at the Normal College, and education there means fitting for life. When a man of Dr. McIver's ability and balance and experience gives his whole heart and mind to a calling, the result can't be other than good, and to the Normal College not only has Dr. McIver given himself entirely, but his large and superior faculty are right arms to him. The three courses of study, normal, commercial and domestic science, are comprehensive and the instruction in each is superior. The students are elevated by familiarity with the best literature in English, the modern languages and the classics and they go from Tennyson to the cooking school, from Moliere to the sewing classes, from Livy to primary teaching, every graduate being required to do practical teaching under the supervision of experienced school directors.

"A student who cannot pay the pittance charged for board and laundry can earn that by serving in the dining-room, and to the honor of the richer girls, let it be known that this service makes no difference whatever in their social status; let the work be faithfully done, that is all that is necessary—the honor and dignity of labor are nobly recognized. I saw girls from humble mountain homes, who had "washed the dishes and set the table," going to recitations in literature and mathematics along with their friends from the best strain of blood in eastern Carolina, and when the hundreds of bright faces were gathered around the well-filled tables, I could not guess which girls had served them so beautifully. Now is there any limit to the good such life is doing in North Carolina? I honestly believe it is incalculable, and I honestly believe it to be your duty and mine, to speed the work of the college. As women born to love North Carolina, let us help the future women of the state by enlarging this great Normal College work at once More buildings are needed, gymnasium, library (many books are now kept boxed for lack of room on the library shelves), dormitories and money for many purposes. Those of us who cannot give money, can help in other ways. Induce outsiders to go and see for themselves as I have done; to see is to be convinced that the hands of Dr. McIver should be upheld by gifts and appropriations for his work until there is room for every girl who has prepared herself to enter the college, and who strives to uplift her people. I am ashamed of the stigma of illiteracy which hitherto has so justly rested upon North Carolina. Let us wipe it out."

Bryan's enemies seem to have discovered in him the irrepressible elements of Banquo's ghost. The following extract from an editorial which appeared yesterday in the Charlotte Observer—which paper, incidentally, is the most potent adversary the Nebraskan has in North Carolina—is very interesting for its affected tincture of despair:

But what is all this talk about retiring Bryan, anyhow? A week ago they were sidetracking him in the interest of Governor Stone, of Missouri. He has more ability, more popularity, more magnetism and more consecration to the new dispensation than anybody in the push. He is not a whit wilder than Arkansaw Jones himself, nor is he as crazy as Altgeld, Coin Harvey or that set. Upon the whole, if we are to have 16 to 1 and free riot in the platform next year—and we are—we would rather see the colonel than anybody nominated on it.

A report is in circulation at Pekin that Li Hung Chang is about to return to power. When things get dull in China they invariably go and dig up old Li Hung Chang.

The monitor Monadnock, lying out upon the waves like a huge black turtle, is rather a dangerous customer to be aroused. Monday she was anchored peacefully a good distance from the town of Paraque, attending to her own business and apparently wrapped in slumber. The insurgents, who shoot at anything they see, let fly at her a storm of musket-balls. The old hulk opened one eye, lazily turned around, let fly a few shells which more than half destroyed the town and annihilated a large per centage of its inhabitants, and unconcernedly went back to sleep.

The Florida Times-Union and Citizen gets off the following: "The tourist is rapidly finding out that April is the sweetest of all the Florida months. Resonant with the song of the southern nightingale, the Spanish mockingbird, and fragrant with the bloom of flowers, lulled to the awakening of spring by the softest of winds." And the Raleigh Morning Post, which we had heretofore respected, adds that the atmosphere "is also sonorous with the dulcet notes of the revivified alligator, just emerging from his winter's nap."

The selection of Hon. A. M. Scales, of this city, as president of the new A. & M. college board, has received most favorable comment at the hands of the state press. Yesterday's Wilmington Messenger has the following, which is brief but tells a big truth:

The Agricultural and Mechanical College, Greensboro, is to be congratulated upon the election of Mr. A. M. Scales as president of the new boa d. It could not be improved upon.

The dispatches say that the Prince of Wales has grown careless in dress and is no longer "King of Fashions." It is presumed that his time and his voice are given principally to Wails since, at the continued good health of his mother, he has abandoned the hope of managing her affairs.

Olney for President.

Milwaukee, Wis., March 28—The Journal today says: "That a movement is under way to make ex-Secretary of State Richard Olney the Democratic candidate for president next year is revealed in a letter from Boston to The Journal. General Olney's campaign is based on the theory that he is in favor of imperialism, while opposed to annexation.

"The writer of the letter referred to is very prominent in democratic politics and he says the movement in Mr. Olney's favor is well on its way It is urged in his behalf that he, though a gold democrat in 1896, did not make himself obnoxious to the free silver element and that on the expansion question he would be an available candidate, being opposed to the annexation of distant islands to the territory of the United States. Mr. Olney's views on the acquisition of foreign territory are very pronounced. He believes in the United States striving with the other nations of the world for commercial greatness, but not for political extension."

Rev. E. Edwards, pastor of the English Baptist Church at Minersville, Pa., when suffering with rheumatism, was advised to try Chamberlain's Pain Balm. He says; "A few applications of this liniment proved of great service to me. It subduced the inflammation and relieved the pain. Should any sufferer profit by giving Pain Balm a trial it will please me." For sale by C. E. Holton.

Mrs. Katherine Lerenz, aged 52, of No. 203 Avenue C, New York, an epileptic sufferer, killed herself with a razor.

No Cure—No Pay.

That is the way all druggists sell Grove's Tasteless Chill Tonic for Chills and Malaria. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter nauseating tonics. Price, 50c.

It is a fact not generally known, that Moore county has a larger number of miles of railroad track than any other county in the State.—Jonesboro Progress.

Robbed the Grave.

A startling incident, of which Mr. John Oliver, of Philadeldhia, was the subject, is narrated by him as follows; "I was in a most dreadful conditien tion. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters: and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

IN CAMP AT SAVANNAH.

The First North Carolina Regiment Embarked Yesterday.

Savannah, Ga., March 28—The First Regiment North Carolina volunteers came up to Savannah from quarantine this morning aboard the transport Vigilancia. The boys came ashore and swarmed over the city tonight, glad to be once more "in the States." They are for the most part in excellent health and spirits, though anxious to be mustered out. Some members of the regiment are sick, but not dangerously.

Though no serious complaint of their fare while in Cuba was heard, the men have naturally grown tired of army rations, and tonight the Savannah restaurants and cafes are freely patronized by them. On the way out to Camp Onward, your correspondent came upon several by the wayside with paper bags filled with eatables which they had purchased in the city, in which they were intensely interested.

About three weeks will be required for the muster out of the command.—Special to News and Observer.

Sharkey Must Wait.

New York, March 28—Wm. A. Brady, manager of Kid McCoy, today notified Tom O'Rourke, manager of Tom Sharkey, that the Sharkey-McCoy match would have to be declared off temporarily, as McCoy hurt his shoulder in the recent fight with Choynski. McCoy does not feel physically prepared to meet Sharkey, Brady says. He wishes to take on more weight before meeting the sailor.

Oh, the Pain of Rheumatism!

Rheumatism often causes the most intense suffering. Many have for years vainly sought relief from this disabling disease, and are to-day worse off than ever. Rheumatism is a blood disease, and Swift's Specific is the only cure, because it is the only remedy which can reach such deep-seated diseases.

A few years ago I was taken with inflammatory Rheumatism, which became so intense that I was for weeks unable to walk. I tried several prominent physicians and took their treatment faithfully, but was unable to get the slightest relief. In fact, my condition seemed to grow worse, the disease spread over my entire body, and from November to March I suffered agony. I tried many patent medicines, but none relieved me. Upon the advice of a friend I decided to try S. S. S. Before allowing me to take it, however, my guardian, who was a chemist, analyzed the remedy, and pronounced it free of potash or mercury. I felt so much better after taking two bottles, that I continued the remedy, and in two months I was cured completely. The cure was permanent, for I have never since had a touch of Rheumatism though many times exposed to damp and cold weather.

ELEANOR M. TIPPELL,
3711 Powelton Avenue, Philadelphia.

Don't suffer longer with Rheumatism. Throw aside your oils and liniments, as they can not reach your trouble. Don't experiment with doctors—their potash and mercury will add to your disability and completely destroy your digestion.

S.S.S. For The Blood will cure perfectly and permanently. It is guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free by Swift Specific Co., Atlanta, Ga.

Chamberlain's Cough Remedy.

This remedy is intended especially for coughs, colds, croup, whooping cough and influenza. It has become famous for its cures of these diseases, over a large part of the civilized world. The most flattering testimonials have been received, giving accounts of its good works; of the aggravating and persistent coughs it has cured; of severe colds that have yielded promptly to its soothing effects, and of the dangerous attacks of croup it has cured, often saving the life of the child. The extensive use of it for whooping cough has shown that it robs that disease of all dangerous consequences. Sold by C. E. Holton.

In a fit of jealous rage Farmer Henry Sanderson, of Jackson County, Kan., mortally wounded Mrs. John Fleicher while trying to kill her daughter.

I have been afflicted with rheumatism for fourteen years and nothing seemed to give any relief. I was able to be around all the time, but constantly suffering. I had tried everything I could hear of and at last was told to try Chamberlain's Pain Balm, which I did, and was immediately relieved and in a short time cured. I am happy to say that it has not since returned.—Josh Edgar, Germantown, Cal. For sale by C. E. Holton.

WINE OF CARDUI

A SURE MEDICINE.

HANDSOM, VA., Dec. 31.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

McELREE'S **Wine of Cardui**

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine?

Remarkable Rescue

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine would cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at C. E. Holton's drug store. Large bottles 50 cents and $1.00.

FURY OF THE ELEMENTS.

Cotton Mills at Pineville and Bessemer Damaged.

Charlotte, March 27—Severe thunderstorms last night and this morning approached the velocity of cyclones at several points in this section and did great damage. The entire upper part of the Dover Cotton Mill at Pineville was blown off. The reformed Presbyterian Church at Bessemer was blown from its foundation, and the Southern Cotton Mill at the same place had its roof partially blown off and several of the operatives' houses destroyed. Numerous barns and buildings were struck by lightning and burned. Whole acres of timber were blown down in the path of the storm.

As the season of the year when pneumonia, la grippe, sore throat, coughs, colds, catarrh, bronchitis and lung troubles are to be guarded against, nothing "is a fine substitute," will "answer the purpose," or is "just as good" as One Minute Cough Cure. That is the one infallible remedy for all lung, throat or bronchial troubles. Insist vigorously on having it if "something else" is offered you. Howard Gardner.

To Double Its Capital Stock.

New York, March 28.—At a special meeting of the stockholders of the American Tobacco Company, held in Newark, it was unanimously voted to increase the capital stock from $35,000,000 to $70,000,000. The increase is to acquire the Union Tobacco Company, and for other purposes. It was also voted to increase the number of directors to 15.

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Risers, the famous little pills. Howard Gardner.

Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 98 per cent of hair losses are the results of microbes and the neglect of dandruff. The antiseptic action of

SEVEN SUTHERLAND SISTERS'

preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growing power to the impoverished roots and hair shafts, resulting in complete restoration.

ALDERMAN WINS A PRIZE.

The Silver Medal for Cabinet Photos Comes to Greensboro.

Mr. S. L. Alderman, of this city, whose work as a photographer ranks easily with the best anywhere, attended the Virginia Photographers' Association in Lynchburg last week and his work in cabinet photos won the silver medal. And this is no empty honor. The medal was not given as a mere matter of courtesy. Alderman's work is the work of a real, genuine, finished artist and possesses merit surpassed by none and equaled by few.

The association will hereafter be known as the Virginia and North Carolina Photographers' Association. It will not have a member who will rank from any standpoint ahead of Sidney L. Alderman, of Greensboro.

Ladies who want to buy up-to-date low shoes for spring and summer wear, should go and take a look at the new Southern button and the Oxford's just put on sale at Thacker & Brockmann's. MRS. HOUSEKEEPER:

Please permit us to ask you a very pointed question: Have you a Universal Food Chopper? By this we do not mean a meat grinder, but a Chopper, which takes the place of chopping bowl and beater.

It chops meat, of course, but it does more. You can chop ham, cocoanut, or bread instead of grating it. You can—but we can't tell it all here. Our booklet gives full information Free. You will have use for it every day in the year. It is very simple and very cheap. Please call and let us show it to you. Yours truly,

Shrier's First Offerings.

We take pleasure this season in presenting for your consideration what we consider the finest assortment of Form-Fitting Shoes for men and ladies, misses and children, ever shown in Greensboro.

Our lines for Spring are now complete and only await the prestige of your approval.

Every new idea in quality and finish, ease and comfort, grace of style and excellence of workmanship are embodied in this season's production.

Owing to our central location and the nominal expense required to conduct our business, we are enabled to sell our goods 25 per cent cheaper than any house in Greensboro, quality and make considered.

The question where to buy good and reliable goods at the right price is a very important one. We feel if you call on us, we can answer the question to your entire satisfaction, and make a lasting impression besides.

Do not be deluded by the thought that the assortments in the large cities are greater. True, the quantity is greater, but the assortment is no better, and the price is correspondingly higher, owing to the increased expense.

Kindly call on us at your earliest convenience and allow us to prove to you that these statements are true.
